This company just put the air in Apple's MacBook Air

53 The Verge / 1d

Two Fridays ago, I drove down to a squat single-story Silicon Valley office building to see a MacBook Air.... Without it, a 15-inch M2 MacBook Air was like a runner that can't sprint indefinitely without running out of breath.

This is one of my favorite Windows laptops. But can it beat the MacBook Air?

Digital Trends / 5d

But can it compete with the MacBook Air 15-inch ?... Specs and configurations Asus Zenbook 14X OLED Apple MacBook Air 15 Dimensions 12.67 inches x 8.88 inches x 0.67 inches 13.40 inches x 9.35 inches by 0.4...

OLED for MacBook Air in 2027, iMac in 2028 claims dubious rumor

28 AppleInsider News / 22d

MacBook Air A questionable schedule claims Apple will be introducing an OLED MacBook Air in 2027, as part of an overarching upgrade of displays to the technology.
